

Hi team,

Thanks for your support, and for your patience as we continue to wait for the final election results. We want to make sure every vote counts.

Please take these steps to make sure your vote is heard:

- Check on the status of your mail in ballot [here](#).
- Track and receive notifications on your Vote by Mail ballot every step of the way [here](#).

If you encounter either a signature mismatch, or if you forgot to sign the envelope for your ballot, you can correct through December 3 to make sure your vote counts.

Mismatched signature?

Your signature can change over time. If the signature on your Vote by Mail return envelope doesn't match what is in the voter registration database, the county will notify you by mail. Please download the [Signature Verification Statement](#) and return it by 5 PM on December 3, 2022.

Forgot to sign the ballot envelope?

If you returned your Vote by Mail ballot without signing the return envelope, the County will mail you a document called the "Unsigned Ballot Statement" asking for your signature. Your signature is required to verify your identity and process the ballot. You can download the [Unsigned Ballot Statement](#) and return it by 5 PM on December 3, 2022.

Do you need additional help, or have questions? Our team is on call to answer and help. Please fill out our [Ballot Assistance form](#) and we will help you navigate the process.

Thanks,
Team Caruso
